

OLD SAYBROOK

Economic Development

The Town of Old Saybrook adopted the *C-PACE program* to help property owners reduce energy costs through increased energy efficiency. Benefit from reduced energy costs NOW by making energy efficiency improvements and finance them through the *C-PACE* program sponsored by the CT Green Bank to pay over time. Financing is paid through your tax bill and cost of the improvements is transferred with property ownership.

Connecticut's C-PACE program offers financing to commercial, industrial, and multi-family property owners (defined as containing five or more dwelling units).

Read more about the C-PACE program here: <http://www.cpace.com/Building-Owner/What-is-C-PACE>

Check if your desired upgrades are eligible here: <http://www.cpace.com/Building-Owner/What-is-C-PACE/Eligible-Measures>

Read about many C-PACE success stories here: <http://www.cpace.com/Building-Owner/C-PACE-Projects>

Get started with your own C-PACE project here:
<http://www.cpace.com/Building-Owner/Get-Started>

Let's work together to reduce your energy costs, increase your bottom line, and make your organization and Old Saybrook role models for a sustainable future!
