

The Old Saybrook Conservation Commission has a great way for you to show support of all pollinators... **you can purchase a yard sign for your pollinator-friendly garden** and be part of the Pollinator Pathway!

Pollinator pathways are pesticide-free corridors of native plants that provide nutrition and habitat for bees and butterflies. Gardens along the pathway can be any size, even a flower box!

The metal signs are \$10 (6" size) and \$20 (12" size). All profits from sign sales go towards establishing and maintaining pollinator gardens in public spaces around Old Saybrook.

Email [kelly.a.hartshorn@gmail.com](mailto:kelly.a.hartshorn@gmail.com) to get your sign. **Thank you for your support!**

Check out our new pollinator garden at Saybrook Point across from the Vicki G. Duffy Pavilion. Thank you to Mr. Plotkin's class at Old Saybrook High School, Bonnie Penders from the Old Saybrook Garden Club, members of the OS Conservation Commission and volunteers who helped make this happen! For more information about the Pollinator Pathway visit [www.pollinator-pathway.org](http://www.pollinator-pathway.org).
