

Legend

-  Road Flooding
-  100-Year Flood Zone

Potential Isolation

-  No
-  Yes

Sources: Flooded roads and classified buildings from Old Saybrook Land Use and Building Departments. 100-year flood zone from FEMA digital Flood Insurance Rate Maps for the Town of Old Saybrook, effective 2/6/13. Topographic Base Map from ESRI.

**Buildings Potentially Isolated
Due to Flooded Roads
Old Saybrook
Natural Hazards Mitigation Plan**

This map is based on recent road flooding experiences with Tropical Storm Irene (2011) and Super Storm Sandy (2012) during which roads became impassable. The map highlights in red those buildings which likely were temporarily isolated. Residents who had not evacuated were unable to do so and town emergency response personnel were unable to reach these locations or were only able to do so with difficulty and great risk. Buildings depicted in green were not isolated.
