About the ARPA funds:

To lay the groundwork for a strong and equitable recovery, the American Rescue Plan Act of 2021 established the Coronavirus State and Local Fiscal Recovery Funds (CSFRF), an approximate \$350 billion to state, local, territorial, and Tribal governments to bolster their response to the COVID-19 emergency and its economic impacts. The Town of Old Saybrook is granting awards to qualifying projects under this program. Old Saybrook seeks to fund projects that make the best use for long-term recovery, investment, and results. Projects that exemplify innovation and resilience shall take priority.

The ARPA Committee will make recommendations to the Board of Selectmen, who reserve the right to accept or reject any proposals as deemed in the best interest of the Town of Old Saybrook.

Timeline and Reporting: Funds must be used only to cover costs incurred from March 3, 2021 to December 31, 2024. The period of performance will run until December 31, 2026 to allow for the completion of lengthy projects. Old Saybrook’s grants shall need to clearly align with this Federal government guidance.

APPLICATION INSTRUCTIONS: Please complete the application in its entirety, including your signature on page 1, and attach additional information as may be necessary. Save a copy of the completed application; if you do not , the information you add to the form will not be saved.

Completed applications must be submitted either electronically or mailed to: arpa@oldsaybrookct.gov or Office of the First Selectman, 302 Main Street, Old Saybrook, CT 06475.

RECOVERY/PROJECT NARRATIVE

1. General Narrative:

Describe the proposed scope of work, location and any property involved.

What ARPA Final Rule Category does your recovery/project fall under? Choose one:

To respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality;

To respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay for workers;

For the provision of government services to the extent of a reduction in revenue due to the COVID-19 public health emergency; for example: infrastructure, mental health services or other public health services, government services to ensure preparedness for future challenges, early childhood care and education, improve business/tourism and local business patronage, affordable housing for those living and working in Old Saybrook.

To make necessary capital improvements in water, sewer, or broadband infrastructure

Explain how your recovery/project fits into the category selected:

2. Community Need:

What community need(s) will this recovery/project address? How does the recovery/project benefit the public and what populations(s) will it serve? If it serves a population currently underserved, please describe. How does the recovery/project preserve and enhance the character of Town of Old Saybrook? How does the recovery/project address COVID 19 recovery in response to federal guidance specifically in the U.S. Treasury Final Rule?

3. How will the success of this recovery/project be measured?

Describe outcomes and measurable deliverables.

4. Critical Need:

Is this recovery/project of an urgent nature? Is there a deadline or factors not controlled by the applicant?

5. Applicant Information:

Describe applicant. Is applicant a public, private non-profit, private for-profit, an individual, a partnership, or another type of entity? What is applicant's history and background? Identify and describe the role(s) of all participants (applicants, architects, contractors, etc.), including the project manager. Describe any past projects of similar type and scale of application, or experience that demonstrates the applicant's ability to carry out this project financially and effectively.

6. Project Feasibility: *Does not apply to Recovery Requests

List and explain further actions or steps required for completion of the project, such as environmental assessments, zoning or other permits and approvals and any known or potential barriers or impediments to project implementation. Is this an existing project? If new, how do you intend to operate past the funding horizon?

PROJECT FINANCIAL INFORMATION

7. Financial Information:

Describe all successful and unsuccessful attempts to secure funding and/or in-kind contributions, donations, or volunteer labor for the recovery/project. A bullet point list is acceptable. Will the recovery/project require funding over multiple years? If so, provide annual funding requirements. What is the basis for the total ARPA request? How will the recovery/project be affected if it does not receive ARPA funds or a reduced amount?
