

Home Management

Wednesday, February 3rd @ 6 p.m.

Home Management, we will discuss the importance of strategies, understanding & techniques for families and children with autism. The presenters will go over what Autism "is" and the best way to support children with such challenges...

Meet the Presenters:

Monica St.Amand-Santos-

Dr. Monica Santos founded A Behavioral Approach (formerly ABLE) in 2017 to help children with autism acquire the skills needed to live an independent life. Dr. Santos worked as an ABA therapist and certified special education teacher for over 10 years prior to acquiring her BCBA in 2012.

She has since completed coursework and attained her 092, special education administrator certification, and her Ph.D. in Psychology

Amanda King-

Amanda has worked with children for ten years in multiple capacities including school systems, park and recreation centers, summer camps, special education programs and ABA facilities.

She graduated with her Masters in Applied Behavioral Analysis in June of 2020, she is currently working towards her Board Certified Behavioral Analyst (BCBA) license. Amanda has been working at A Behavioral Approach since October 2019 as a Behavior Specialist in both in-home and center based capacities.
