IV. CONTINUED PUBLIC HEARINGS

A. Petition to Amend the Old Saybrook Zoning Regulations for Animal Care Services as a Special Exception Use in the I Industrial Zone.
Sect. 9 new definition of animal care services, new Sec. 41.2.9 Animal Care Services as Special Exception Use and 53 Special Standards.

Applicants: Janet & Michael Stoner
Agent: Attorney Terry Lomme
Continued from the July 6, 2022 meeting, the applicant would like to amend the Regulations to allow Animal Care Services in the Industrial District. Commission member A.M. Thorsen requested a sound study to be reviewed by the Commission prior to this meeting regarding the noise levels of dogs in a day care setting. The study was based on the noise levels of ten dogs outdoors. The Commission members weren’t satisfied that the study correctly represented the noise level that would be present at the proposed site at 50 River Street. C. Costa cited positive referrals from the Planning Commission, Harbor Management and DEEP. M. Stoner presented an overview of Camp Bow Wow stating that the facility is, “designed to keep dogs happy, active and stress free,” with an indoor/outdoor space where the dogs can go out at leisure. Stoner stated that their facility will create jobs and benefit the community. He also detailed sound mitigation plans.

Along with the seven emails received, over twenty residents who live in the vicinity of Coulter St, North Cove Landing, River Street and North Cove Crossing attended the meeting in opposition to this regulation amendment. Complaints were directed at the proposed site but there was considerable discussion and explanation that this text amendment, if approved, would affect the whole Industrial District. Resident D. Tavernier was concerned about zoning ordinances ensuring the health and safety of our residents and the additional traffic this facility would generate. She implored that the Commission “vote with the wisdom that was in place when this ordinance was established.” Other residents (B. True, the Cosenzas, K. Fiorelli, A. Howat, S. Hill, C. Farrow) were concerned about noise levels, traffic congestion, disruption of the ecosystem in the conservation area and the value of their homes.

**V. PUBLIC HEARINGS**

**A. Petition to Amend the Old Saybrook Zoning Regulations** to amend Section 53, Special Standards Drive-through windows, paragraph H, to include properties with frontage on Route 166.

*Applicant: SPR Oasis, LLC  Agent: Attorney Edward M. Cassella*

Attorney Cassella presented. The concept under consideration will have two drive-through restaurants and a grocery store. For this development on Spencer Plains Rd to proceed, Section 53, Special Standards Drive-through windows, paragraph H needs
to be amended to include properties with a minimum of three hundred fifty feet (350’) frontage on Route 166. All referrals received were positive. Commission member J. Terribile was concerned about whether this amendment would be detrimental to the residential properties north of I95. Attorney Cassella agreed that it would be best for this amendment to only effect properties south of I95. The wording of paragraph H was amended to read:

No property can have a drive-through unless the property has a minimum of three hundred fifty feet (350’) of frontage on Route 1 or Route 166 and is located south of Interstate 95.

With no other comment from the public or the Commissioners the hearing was closed.

The applicant “Hanford Commons” has requested that the opening of the Public Hearing on these matters be postponed to the Commission’s meeting on August 15, 2022.
**VI. COMMITTEE, REPRESENTATIVE & STAFF REPORTS**

Attorney Royston contacted C. Costa regarding a November 2, 2020 modification to the Special Exception Permit at the Saybrook Point Marina. The proposal is to eliminate a single bedroom in the first-floor lobby area and convert it to a service area for adjacent uses. They also plan to convert the second floor one bedroom suite into two separate bedrooms with the addition of an 8’ extension. Due to the increase in building/structure coverage of 242.25 s.f., which is within the allowable limit for multiple minor modification increases, and elimination of the first-floor bedroom that would reflect no change in the parking requirements, the Commission has agreed to have C. Costa handle administratively.

**VII. ADJOURNMENT**

**MOTION** to adjourn the meeting of July 18, 2022 at 9:18 p.m. to the next regularly scheduled meeting on Monday, August 1, 2022 at 7 p.m. in the 1st Floor Conference Room **MADE:** M.
