IV. CONTINUED PUBLIC HEARINGS

“Fine Fettle Dispensary” Application for Special Exception Use for a 4,000 s.f. adult use marijuana dispensary, 233 Boston Post Road, Assessor’s Map 44/Lot 11, Gateway Business B-4 District.  
Applicant: FFDN ELV, LLC (“Fine Fettle”)  
Agent: Attorney Amy Souchuns

Attorney A. Souchuns presented. This facility was approved in 2018 as a medical dispensary. The applicant now plans to use it for recreational-only sales. In rebuttal of submitted letters, Attorney Souchuns explained that there will be eight registers in use with an average of 45 patrons per hour, no one under 21 will be admitted, there will be no display of product and
there is a limit on purchase of recreational marijuana per day. Fine Fettle has a statutory obligation of $50,000 given to the town for traffic management. Fine Fettle is also willing to install sidewalks if DOT approved. LAZ parking, if needed, will be contracted to direct traffic in the parking lot only.

Zoning Chairman R. Friedmann was concerned about availability of parking spaces for employees and patrons. B. Zachs, CEO, added that the majority of the staff will be in before opening to prepare orders and that there is a stipend given for employees to bike, carpool or Uber. He also added that they don’t allow loitering and there will be greeters outside overseeing the parking lot. Sullivan, SLR Consulting and G. Del Rio, Hardesty & Hanover, presented their traffic review. Sullivan seems to feel that with 10-minute appointments and eight stations open there would be a steady flow of traffic with the maximum of 16 patrons onsite at any time.

Residents who spoke in opposition were M. Sweeney, W. Stone Sr., T. Briggs, E. Armstrong, L. Gabelmann, J. Mitchell and K. Davis. Collectively there were concerned with traffic congestion, safety of Springbrook/Boston Post Rd intersection, rise in crime and the liability of town for issues resulting from approval. Chairman Friedmann addressed the public, explaining that the approval in 2018 was based on the law at that time and the law subsequently evolved to where we are today. He also explained that traffic and congestion cannot be the only cause for possible denial of this special exception use. C. Way and M. Hand spoke in support. C. Cestaro, B. Ghinder and W. Stoner, Jr were specifically concerned about the site chosen. C. Costa, ZEO, reported that 24 resident letters were received against and 8 in support. Three non-resident letters were received in support of also.

The applicant consented to an extension of time to hold the public hearing open and will send a letter stating so. The public hearing will be continued to the October 3, 2022 regular meeting to further discuss traffic review.

**Petitioner:** Old Saybrook Architectural Review Board

C. Costa, ZEO/Town Planner, presented Architectural Review Board recommendations for Chairman E. Grochowski. In discussion the ZC noted that they liked limiting signs to three colors in multi-tenant developments, although Commission member J. Terribile was concerned that this could limit the identity of businesses, especially when there are logos involved. Terribile also noted that the proposed text could result in different sets of three colors for each type of sign such as wall, pylon and window.

The Commission discussed ARB’s recommendation of limiting colors to complement the architecture of buildings. They considered that a 50% reduction in sign sizes is significant and could be too restrictive. E. Armstrong explained that the ARB is working toward beautification of our town and consistency of regulations to keep the charm of Old Saybrook.

**MOTION** to continue the Public Hearing of the Petition to Amend the Old Saybrook Zoning Regulations Section 64 and 11 Sign Regulations to the October 3, 2022 regular meeting at 7 p.m. in the 1st Floor Conference Room **MADE:** R. **Petitioner:** Big Y Food, Inc. & Max’s Place, LLC  **Agent:** Attorney David Royston

Attorney D. Royston presented. The petitioners obtained an Amendment to allow the retail sale of gasoline by Special Exception in the B-4 District in January 2022. Automotive Uses section of Section 53 reads: “B. No pump or other fuel-filling devices for the retail sale of gasoline or other motor vehicle fuel on any lot will be located within less than twenty-five feet (25') of any street line or property line or within a radius of one thousand feet (1,000') of
any pump or device on any other lot.” This poses a problem for the petitioners because Citgo is only 537 feet away. They have proposed four possible amendments for consideration (see above). Referrals were discussed. Due to the time, the hearing was continued to Oct.3, 2022.

**MOTION** to continue the Public Hearing of the Petition to Amend the Old Saybrook Zoning Regulations Section 53 Standards for Motor Vehicles for separation distance for fuel pumping stations 64 and 11 Sign Regulations to the October 3, 2022 regular meeting at 7 p.m. in the 1st Floor Conference Room **MADE:** R.
