He reviewed the plan related to the proposed tie-back system and made a motion to accept the proposal to include the tie-back system for $12,000 as proposed in the January 17, 2020 letter from CT River Dock & Dredge. Mr. Cole seconded the motion and it was so VOTED unanimously 4-0-0.

Mr. Vinciguerra reviewed the newest plans from Meeco Sullivan for the dinghy dock and gangway. Commissioners were in agreement with the current plan. Mr. Vinciguerra will write up a list of additional comments and distribute amongst commissioners before sending the plans back.

Regarding plans for reconstruction of the dinghy/kayak racks, Mr. Vinciguerra would like to walk the property with Mr. Mitchell before sketching out a proposal for the next meeting.

Mr. Mitchell reported that there are two trees at Sheffield Street that he is concerned with, one of which is leaning on an electrical box. He contacted Eversource who declined to do anything. He will contact the town tree warden to see if anything can be done.

9. c. Ferry Road – Dredging Options

Discussion moved to potential dredging options at Ferry Road as it had been inadvertently overlooked on agenda item number nine. Mr. Cole noted that Between the Bridges will be doing dredging in that area and that it might be fiscally advantageous to piggyback a project with them. Mr. Soden noted that the HMC would need its own permit which would require core samples and other information costing in the range of $10,000. Those results would give an idea of potential disposal costs. Mr. Mitchell agreed to talk with Cal Caldarella of Between the Bridges to see if he would be willing to share the sampling results they got to give the commission an idea of the conditions in the area in order to help determine potential expenses and whether or not to go forward with a permit.

14. a. Decision on Online Moorings Vendor

This agenda item was moved up in order to allow Mr. Mitchell to participate before he had to leave the meeting.

Commissioners discussed Ms. Donahue’s report based on the feedback of current Online Moorings customers. All commissioners and the Harbor Master felt favorably about moving to the new service. Mr. Cole seconded the motion and it was so VOTED unanimously 4-0-0.

Mr. Mitchell and Mr. Caldarella left the meeting at 8:20 p.m.
